THE WORLD AT LARGE.

Summary of the Daily News.

WASHINGTON NOTES.

The Treasury Department announces that under the new tariff law a duty of 11½ cents per pound must be assessed on all imported lead, whether in combination with silver or in smaller or larger proportions.

The census of the country as finally announced by Superintendent Porter is a trifle under sixty-two million and a half. If correct it shows a deplorable falling off in the birth rate or an enormous increase in the death rate, as the immigration has been excessive. Suggested causes are that the census figures of 1870 in the South were greatly deficient and that the present census is defective. Perhaps a little of every thing has contributed to make the census of 1890 an epoch in the history of the country.

CHIEF JUSTICE and Mrs. Fuller will celebrate their silver wedding in January at their Washington home. On that day the wedding of their daughter, Miss Mildred Fuller, to Hugo Wallace will take place.

LAWRENCE GEORGE MASON, the four-year-old son of Congressman Mason, of Chicago, died in Washington recently of diphtheria.

The public debt statement showed a decrease during the month of October of \$3,668,012.

THE President, before leaving Washington to vote at the election in Indiana, said he had practically decided to call an extra session of Congress.

THE President has designated Assistant Secretary Nettleton to act as Assistant Secretary of the Treasury in the absence of Secretary Windom, and has also designated Assistant Secretary Spalding to act as Secretary in the absence of both Mr. Windom and Mr. Nettleton.

THE EAST.

THE freestone cutters of Boston have given up their strike, which began last February. Cause, lack of action by the building trades' council.

On his recent trip from Montreal to New York the Comte de Paris had a narrow escape from a horrible death. At Plattsburg he attempted to board the train while in motion, and missing the guard rail was swung between the cars. He was saved by trainmen.

THE wholesale drug house of Thurber, Wyland & Co. at New York was entirely gutted by fire. Loss, \$30,000.

Two hundred and fifty persons were arrested in New York for illegal registration.

THOMAS RHODES, the only Lynn (Mass.) morocco manufacturer who had not discharged his old help, turned off 167 of his employees, in accordance with the resolution adopted by the National Morocco Manufacturers' Association, that on November 1 all Knights of Labor should be discharged.

DILLON and O'Brien, the Irish Nationalists, arrived at New York on the 2d, accompanied by Timothy Harrington and T. D. Sullivan.

THE Dutch Reformed Church on Hudson street, between Eighth and Ninth streets, Hoboken, N. J., was burned the other evening. It was one of the oldest churches in Hoboken. The loss was about \$30,000.

AN accident occurred on the Delaware, Lackawanna & Western at Rock cut, near Syracuse, N. Y., recently. Four men were killed and as many more injured. The disaster, which was shocking in its details, was caused by an aberration of mind of M. A. Clark, a youthful operator.

JUDGE PRATT, in the Supreme Court, Brooklyn, N. Y., decided a receivership of the sugar trust was not only proper and necessary, but, in the opinion of the court, not only one but two receivers should be appointed.

FRANK STRAUB, an ex-policeman who was dismissed from the force a short time ago, and Sidney Smith, a probationary officer, were drowned in Hell Gate, New York, recently by the sinking of the yacht Tyrant.

At Lonsdale, R. I., the cotton weavers have received notice of a cut down. They were getting 53 cents a fifty-yard long cut and they are now to run a finer grade of goods with five yards additional on the length and will receive but 33 cents.

Two men were wounded in a shooting scrape at the first division of the Fourth ward polls, Philadelphia, on election day. The man who did the shooting escaped.

THE WEST.

FRANCES C. GUTHRIE, prima donna of the Hess Opera Company for several seasons, has been married to Charles D. Meyer, a Minneapolis attorney.

WILLIAM H. CALVERT, of Vane, Calvert & Co., St. Louis, committed suicide at Chicago with a revolver. Calvert was said to be quite wealthy. He had been staying in a sanitarium under treatment, it was stated, for insomnia.

THE National convention of the Brotherhood of Railway Trainmen at Los Angeles, Cal., adjourned after re-electing the old officers.

GEORGE L. SHOUR, the Governor of Idaho, in his annual report of the affairs of the Territory for the last fiscal year estimates the value of the taxable property of the Territory at \$25,581,305.

It is stated that since the accession of the Czar Alexander in 1881, 270,000 Jews have been expelled from Russia. COUNT HENRIOTON's life of the Prince Imperial, published in Paris, insinuates that Lieutenant Cary was a political agent, paid to get rid of the Prince in Zululand.

THE tariff negotiations between Germany and Austria have resulted in a reduction to three marks of the duties on rye and wheat imported from countries having commercial treaties with Germany and Austria. This will include the imports of these cereals from the United States and exclude those from Russia.

It is officially announced that the Canadian Government has decided to reduce the rate of postage to a 2 cent instead of a 3 cent rate through Canada and to the United States.

ITALIAN advices state that the peasants are fleeing from the vicinity of Mount Etna in dread of a destructive eruption. The mountain has been rumbling for some weeks, and the central cone throws out showers of ashes. Shocks of earthquake have also been felt.

It is reported in Paris that Dom Pedro has notified the Government of Brazil that he no longer wishes to be considered as making any claim to the crown. He only desires to be permitted to die in Brazil.

GENERAL BERNERS, one of the leaders of the Swiss revolution in 1848, is dead. At a meeting of the French Cabinet President Carnot signed a bill providing for the supply of the fortified places throughout France with provisions in quantities sufficient to meet the requirements of the civil population for two months.

MR. SCOVILL, the tenor, and his wife, who was formerly Miss Roosevelt, of New York, will bring an action for libel against the St. Stephens Review, of London, for publishing an article in which it was suggested that Mr. Scovill had married Miss Roosevelt for her money and that the marriage was an unhappy one.

A DETACHMENT of German soldiers who were guarding a body of 800 recruits interfered with the relatives of the recruits who had come to bid them farewell. Several of the soldiers were struck, whereupon they drew their side arms and attacked their assailants. Several of the civilians were badly wounded.

AN Irish farmer named O'Mahoney has been found murdered near Schull, Ireland. Moonlighters are blamed.

MR. BALFOUR, Chief Secretary for Ireland, has started on a three or four days' tour over the Donegal routes of the proposed railways.

AN extensive Anarchist movement has been discovered at Lyons, France. Five arrests have already been made and others are expected.

It is reported in Rome that the Pope has sent a communication to the American episcopacy, directing that bishops and pastors shall speak out openly against the Irish plan of campaign, wherever a d is solicited.

THE LATEST.

COUNT VON MOLTKE will devote to charity birthday contributions amounting to 160,000 marks.

THE Austrian textile trades' congress at Brunn has decided to admit women to the Textile Trades' Union.

FIRE broke out in Todd's lumber yard, Denver, Col., recently, doing \$100,000 damage.

A DESTRUCTIVE fire ravaged New Rochelle, N. Y., on the 5th, breaking out in Ferguson's grocery store. The loss was estimated at \$375,000.

THE huge elevators at Buffalo, N. Y., were in flames on the morning of the 6th, the fire breaking out in the Wells and spreading to the others adjoining. The loss was heavy with two firemen fatally hurt.

THREE passengers were killed by a collision on the New York, Ontario & Western near Carbondale, Pa., recently.

DURING the election row at Santa Cruz Chris Carothous stabbed and killed George Hartman. Next morning Carothous hanged himself in jail.

MRS. PATTI was unable to appear at Leicester, England, on the 5th. She was severely sick.

MR. JAMES GILHOOLY, member of Parliament for West Cork, is in a precarious condition, the result of injuries received by being thrown from his horse.

The Election.

Later returns from the general election furnished a surprise in the extent of the Democratic victory. Every thing went that way in Indiana. Michigan elected a Democratic Governor; also Pennsylvania, Massachusetts and Nebraska. In the latter State prohibition was defeated by 40,000 majority. Six out of seven Congressmen in Kansas were said to be opposition, while Missouri had a solid delegation. McKinley was said to be surely defeated in Ohio.

Four Democrats were elected to Congress in Iowa, with the State ticket in doubt. Doubts existed regarding the New York and Illinois Legislatures. West Virginia was solidly Democratic for Congress. But one or two Republican Representatives were elected in the Southern States. Foster, Republican, was defeated in Ohio. Four Democratic Congressmen were elected in Minnesota and fourteen in Ohio. The next House, it was thought, would show a Democratic majority of 134. Breckinridge, of Arkansas, unelected by the present Congress, was returned with 509 votes to spare. The Democrats and Farmers' Alliance leaders were jubilant over the result, the latter especially, claiming that it was their crusade that led to the overturning.

WOMAN'S INTUITION.

Nearly Always Right in Her Judgment in Regard to Common Things.

An old gentleman over seventy, came into the city from his farm, without his overcoat. The day turned chilly and he was obliged to forego his visit to the fair.

To a friend who remonstrated with him for going away from home thus unprepared, he said: "I thought it was going to be warm; my wife told me to take my overcoat, but I wouldn't. Women have more sense than men anyway."

A frank admission. Women's good sense is said to come from intuition; may it not be that they are more close observers of little things. One thing is certain, they are apt to strike the nail on the head, in all the ordinary problems of life, more frequently than the lords of creation.

"According to Dr. Alice Bennett, who recently read a paper on Bright's disease before the Pennsylvania State Medical Society, persons subject to bilious attacks and sick headaches, who have crawling sensations, like the flowing of water in the head, who are 'tired all the time' and have unexplained attacks of sudden weakness, may well be suspected of dangerous tendencies in the direction of Bright's disease."

The veteran newspaper correspondent, Jo Howard, of the New York Press, in noting this statement, suggests: "Possibly Alice is correct in her diagnosis, but why doesn't she give some idea of treatment? I know a man who has been 'tired all the time' for ten years. Night before last he took two doses of calomel and yesterday he wished he hadn't."

A proper answer is found in the following letter of Mrs. Davis, wife of Rev. Wm. J. Davis, of Basil, O., June 21st, 1900:

"I do not hesitate to say that I owe my life to Warner's Safe Cure. I had a constant hemorrhage from my kidneys for more than five months. The physicians could do nothing for me. My husband spent hundreds of dollars and I was not relieved. I was under the care of the most eminent medical men in the State. The hemorrhage ceased before I had taken one bottle of the Safe Cure. I can safely and do cheerfully recommend it to all who are sufferers of kidney troubles."

"Your account has been standing a long time, Mr. Dukey." "Then give it a seat, my dear Shears." "Very glad to, sir; shall we make it a receipt?"—Clothing and Furnisher.

Pills Won't Cure Dyspepsia.

Dyspepsia are ever hopeless. They seek relief from their distress of stomach and of liver, and find it not. Indigestion, heartburn, vertigo, extreme lassitude, loss of energy, peevishness, etc., is the bane of their existence and mars the complacent feelings of others around the family fireside. Why won't dyspepsia come and be cured? It can be done. There is one sure way of strengthening the digestive organs and removing every symptom of general debility caused thereby. But this cannot be done by the taking of pills and other cathartic mixtures. Such treatment while seeming to give temporary relief at first, in the end aggravates the disease and increases the suffering, for it is like whipping a tired horse, it irritates and urges, but the strength to move at last gives out entirely. Thousands of former dyspeptics are now happy in health and strength of stomach brought about by the use of the finest of strengthening and healing tonic alteratives known as Dr. John Bull's Sarsaparilla, the condensed virtue of many excellent herbs. It is the biggest and the best Sarsaparilla sold.

"What's that?" "That's a kaleidoscope." "Is it? When does it begin to collide?"—Judge.

HACKETT, ARKANSAS, Aug. 30, 1887.

DR. A. T. SHALLENBERGER, Rochester, Pa. Dear Sir—I wish you to send me a bottle of your Antidote for Malaria, which I see advertised in the Methodist Advocate, Chattanooga, Tenn., and which I cannot get here. Fifteen years ago my mother had third day chills, and after trying the doctors and other medicines without relief, a friend recommended your Antidote; she tried it, and one dose effected a permanent cure.

Truly yours, J. N. EDWARDS, Pastor M. E. Church.

Mind Reading.

You can read a happy mind in a happy countenance without much penetration. This is the sort of countenance that the quondam bilious sufferer or dyspeptic relieved by Hostetter's Stomach Bitters wears. You will meet many such. MUSICAL.

There seems to be little going on in musical circles of late, but there is much talk, among musical people, of the marvelous cure of Miss B—, the high contralto singer, who has long suffered from a severe throat or bronchial affection, superinduced by Catarrh in the Head, and who has been perfectly cured by the use of Dr. Sage's Catarrh Remedy, coupled with the use of Dr. Pierce's Golden Medical Discovery. For all bronchial, throat and lung affections, and lingering coughs, it is an unequalled remedy. When complicated with Chronic Nasal Catarrh, its use should be coupled with the use of Dr. Sage's Catarrh Remedy. Of all druggists.

PURIFY YOUR BLOOD.

But do not use the dangerous alkaline and mercurial preparations which destroy your nervous system and ruin the digestive power of the stomach. The vegetable kingdom gives us the best and safest remedial agents. Dr. Sherman devoted the greater part of his life to the discovery of this reliable and safe remedy, and all its ingredients are vegetable. He gave it the name of

Prickly Ash Bitters!

a name everyone can remember, and to the present day nothing has been discovered that is so beneficial for the BLOOD, for the LIVER, for the KIDNEYS and for the STOMACH. This remedy is now so well and favorably known by all who have used it that arguments as to its merits are useless, and if others who require a corrective to the system would but give it a trial the health of this country would be vastly improved.
